Statement of Understanding for ACM In-Cooperation Conferences

The enclosed In-Cooperation Technical Meeting Request Form has been prepared to the best of my ability.

It is complete and accurate. If this conference is approved for ACM Cooperation, it is agreed that:

ACM members will be permitted the same fees for registration, proceedings etc. as members of the sponsoring organization(s).

The conference will provide one complimentary copy of the Conference Proceedings to ACM for archival purposes. That copy should be sent to: **ACM SIG Services Department, 2 Penn Plaza, Suite 701, New York, New York 10121.**

All publicity relating to this conference is to state that the meeting is "In-Cooperation with ACM." The ACM logo with a registered trademark symbol must be displayed and may be obtained from ACM Headquarters SIG Services Department.

I am informed of the ACM policy on free circulation of scientists as it applies to the ACM Resolution on Sponsorship of International Conferences of 25 May 1975 and of the spirit and intent of the relevant Resolution on the Free Circulation of Scientists of the International Council of Scientific Unions [See Guidelines]. I know of no aspect of the proposed meeting, which is contrary to this intent.

I accept full responsibility and liability if I fail to comply with the ACM policies and procedures.
